

# Find your dream biotech employee

**Find and recruit highly-skilled biotech professionals  
with The PetriDish™ job board.**

Take advantage of BioTalent Canada's full range of online employer tools, including *The PetriDish* or the *Talent Search*. Or, use the *BioSkills Match™* tool to find the right *BioReady™* recognized professionals for your business.

Building skills for Canada's bio-economy

Employers in Canada’s biotech industry understand the value a skilled and talented team brings to business. With a full range of online human resources (HR) tools to support employers at every stage of the recruitment process, BioTalent Canada™ makes finding and recruiting the best employees easy.

*The PetriDish™*, Canada’s #1 bio-economy online bilingual job board, links employers directly to job seekers. *Talent Search* narrows the focus to the most relevant candidate. The *BioSkills Match* tool lets employers find pre-screened *BioReady™* talent with recognized professional skills and experience, effortlessly and quickly.

## National Biotech HR Hub

Canada’s biotech industry is thriving, and to become a world leader Canada needs to attract the best, most-skilled talent in biotechnology. BioTalent Canada is the not-for-profit national HR hub for Canada’s bio-economy. Staying ahead of the curve, BioTalent Canada anticipates industry trends and needs to provide innovative HR solutions, skills development tools and products that match biotech professionals with employers and opportunities.

As technology develops and knowledge expands, employers needs evolve. Candidates with a variety of experience in sales, marketing, IP, manufacturing, regulatory affairs, and more meet these needs! Their backgrounds also include involvement in:

Agriculture	Biosciences	Human Health	Natural Resources
Aquaculture	Environment	Animal Health	Nanotechnology
Bioenergy	Food processing	Industrial	Nutraceuticals
Bioinformatics	Forestry	Life Sciences	Pharmaceuticals
Bioproducts	Genomics	Medical Devices	

*Find and recruit highly-skilled biotech professionals with The PetriDish™ job board.*

Finding the dream biotech employee is easy with BioTalent Canada's range of online HR tools for employers. Biotech-talented professionals who are new to the industry are just a mouse-click away.

## **Post a Job**

Create and post job profiles on *The PetriDish* job board to recruit the best bio-economy professionals in Canada. Creating a company profile and sharing job postings is simple, and you'll reach more than 21,000 biotech professionals who are ready to work for you.

## **Find Talent**

*Talent Search* is a smart tool for precision targeting whereby employers can search by skill and functional areas related to specific bio-economy requirements.

## **Connect with BioReady Talent**

With the *BioSkills Match*, employers can connect with pre-screened *BioReady* talent. This stamp of approval shows a professional possesses the necessary skills and knowledge to succeed and make a valuable contribution.

*Save time and money in recruiting highly-skilled biotech professionals with any number of BioTalent Canada's HR tools.*
