

Land your dream biotech job

**Stand out among the best in biotech
with The PetriDish™ job board.**

Whether you're a foreign-trained professional, a new university graduate, changing jobs or transferring your skills BioTalent Canada™ can help you optimize your skills, knowledge and experience to get your dream job in today's bio-economy.

Building skills for Canada's bio-economy

BioTalent Canada supports biotech professionals through every stage of the job-seeking process with The PetriDish™, Canada’s #1 bio-economy online bilingual job board, the easy-to-use Biotech Resumé Builder and the BioSkills Recognition Program showcasing BioReady™ professionals!

National Biotech Job Source

Canada’s biotech industry is thriving, and to become a world leader Canada needs to attract the best, most-skilled talent in biotechnology. BioTalent Canada is the national HR hub for Canada’s bio-economy. Staying ahead of the curve, BioTalent Canada anticipates industry trends and needs to provide innovative HR solutions, skills development tools and products that match biotech professionals with employers and opportunities.

What skills are Canada’s biotech employers looking for?

As technology develops and knowledge expands, employers needs evolve and the demand for diverse skills increases. Employers are looking for a variety of skills and experience in marketing, manufacturing, IP, regulatory affairs, sales, and more from the following sectors:

Agriculture	Biosciences	Human Health	Natural Resources
Aquaculture	Environment	Animal Health	Nanotechnology
Bioenergy	Food processing	Industrial	Nutraceuticals
Bioinformatics	Forestry	Life Sciences	Pharmaceuticals
Bioproducts	Genomics	Medical Devices	

Landing a dream job in biotech is easy with BioTalent Canada’s range of online career and skills tools for professionals. Employers seeking biotech talent are just a mouse-click away.

Apply for jobs.

With *The PetriDish* job board, professionals can apply for jobs directly and post their resumé to gain the attention of more than 500 of Canada’s top biotech employers. Search through the most up-to-date biotech jobs listing in Canada by employer, province and key words.

Get noticed with a biotech specific resumé.

The easy-to-use *Biotech Resumé Builder* is ideal for foreign-trained professionals, those looking to move within the industry and recent graduates alike to showcase their talent. The *Biotech Resumé Builder* allows professionals to develop a skills-based biotech resumé which appears when employers search for specific skills to fill a position - because not all employers post jobs.

Stand out from the crowd!

Professionals can promote their biotech skills and experience or transfer their skills from another industry with the *BioSkills Recognition Program* and obtain the *BioReady* stamp of approval from industry. *BioReady* status indicates the professional has what it takes to work in Canada's bio-economy. These professionals will stand out from the crowd by appearing in the *BioSkills Match™* search database of pre-screened talent.

BioTalent Canada offers a wide range of online career planning tools, including:

- *BioCareer Pathways*
- *Bio-economy Career Profiles*
- *Bio-economy Skills Profiles*
- *Bio-economy Skills At-a-Glance*
- *GMP Skills Assessment*
- *Labour Market Research*
- *Courses and Readiness Tools*
- *The PetriDish™ Job Board*
- *Biotech Resumé Builder*
- *BioSkills Recognition Program*

Find your dream job in Canada's bio-economy now. Plan a career. Apply for a job. Build an online biotech resumé that will get you noticed. Transfer your skills. Get BioReady™ recognition that will ensure that you stand out from the crowd!
