

UNIVERSITY OF TORONTO SCARBOROUGH ARTS & SCIENCE CO-OP

Hiring a co-op student helps employers meet a wide variety of needs, including:

- ✓ Reduce recruitment and training costs
- ✓ Fill temporary or short-term staffing needs
- ✓ Identify, train, and develop your future employees
- ✓ Access a pool of highly skilled students
- ✓ Leverage innovative new ideas from up-and-coming talent

CHOOSE FROM
35
PROGRAMS

We make hiring simple.

Think of us as a boutique HR team; we have the resources of Canada's top university but with the personal connections of a small, close-knit community.

What does this mean for you? We know our students well, so we can make recommendations for ways to connect, build your brand, and boost your applicant pool.

We'll also do the heavy lifting for you. We'll take care of posting and promoting the jobs to our students, scheduling interviews, student correspondence, coordinating offers, and more.

READY FOR SUCCESS

Our students arrive at your workplace exceptionally well prepared; they've completed 55+ hours of job preparation courses and over 1 year of academic courses prior to their first work term.

BEST IN CLASS

Our students learn from the brightest minds in their fields, have top employability rankings worldwide, and are among the academic best at U of T.

WORK TERM FLEXIBILITY

Your choice of 4, 8, or 12-month work terms allows you to select a duration that best suits your organization's projects and needs.

NO POSTING DEADLINES

Simply publish your job description, interview candidates, and hire when you're ready. With work terms starting in January, May, or September, our students are available year-round.

FUND YOUR CO-OP JOBS

Did you know that many government grants, wage subsidies, and funding opportunities often go unclaimed? As part of providing the highest level of service to our employer partners, our business development team also keeps their finger on the pulse of funding opportunities offered to a broad variety of sectors, in addition to the Co-operative Education Tax Credit.

PRAISE FROM OUR EMPLOYERS

"I appreciated the innovation and leadership demonstrated by the Co-op office as we partnered to create Rouge National Urban Park's first-ever mobile app; a project that was led and implemented by 6 students, all hired through the Co-op program."

OMAR M. | Parks Canada

The College of Dental Technologists of Ontario has had the pleasure of participating in UTSC's Co-op program over the past 4 years. As a health regulator, the students have greatly assisted us in carrying out our mandate to protect the public interest by working on projects that involved governance, communications, policy research and policy development. We highly recommend this program, and want to thank the Co-op Office for their tremendous assistance - scheduling interviews and hiring students was efficient and quick every year.

*Judith M. Rigby, CPA, CGA, Registrar and CEO |
College of Dental Technologists of Ontario*

"Hiring co-op students from U of T Scarborough's neuroscience co-op program over the past 10 years has been a significant benefit to my research laboratory. The students come with excellent training and a great foundation in neuroscience allowing them to hit the ground running. Their eagerness to learn and better understand the research process is energizing. I highly recommend the program and look forward to continuing to recruit excellent students in the future."

*Dr. Tom Schweizer
Director, Neuroscience Research Program
St. Michael's Hospital*

READY TO HIRE?

With our help, you could complete your co-op hiring in as few as 10 business days. Here's how:

1. Submit your job using our online form.

A business development coordinator will confirm the posting with you, and you'll receive our students' applications shortly after the closing date.

2. Pick your candidates; we'll schedule interviews for you.

You choose where interviews will be held: in your office, on our campus, or via phone/Skype.

3. Let us know who you choose.

We'll connect with the student and will present job offers on your behalf.
