

Life Sciences Ontario Mentorship Hub

Connect with small groups of Life Sciences Ontario Mentorship Hub to share your experiences, advice, and have impactful conversations around the life sciences topics they care about.

We know you're a busy leader and members want to connect, but there seems to be no easy way to bring you together. Leave the admin work to us. We'll help you create an impactful event and make sure your attendees get the most out of every conversation.

4 reasons to host your first Office Hour event:

1 Members value your insight on your career journey, and want to connect with you.

2 This is your chance to share updates and take the pulse on important issues.

3 Your Office Hour event allows you to give back to the community by offering advice and guidance to those who need it most.

4 You just need to show up and engage - we take care of the registration, promotion, and even send you questions that your audience wants to ask you ahead of time.

How it works

- 1 You provide a date and 1 hour time slot that works for you in the quarter.
- 2 We work with you to identify a conversation topic that is guaranteed to be engaging for your audience.
- 3 We'll manage the rest so you and your audience have a real two-way conversation.

We collect questions from each participant when they register. We'll share these with you in advance so you'll know what talking points to bring up. We'll also send calendar invites and conversation guides full of tips a few days before your event to encourage employees to contribute to a meaningful conversation.

- 4 After the event, we automatically collect and share feedback from attendees so you can see how impactful your conversation was.
