The 2024 Forum

LSO's Annual Ideas to Action Life Sciences Forum (formerly LSO Policy Forum), will look at creating tangible actions that we can take to government and key stakeholders to help create a robust life sciences sector.

Entering its 15th year, LSO's Annual Ideas to Action Forum brings together leaders from industry, academia, and government to discuss how we can take actionable steps to build a resilient, vibrant, and diverse life sciences sector.

Why you should participate:

LSO's annual Ideas to Actions Life Sciences Forum presents a premier opportunity to showcase your brand and connect with 150 + leaders in our sector, including senior public officials, private sector C-level executives, innovators, entrepreneurs, and members of academia. Following the forum, LSO will create a summary and list of recommendations which is circulated to government and then distributed widely within our sector, guiding our advocacy, and government relations efforts.

Registration Details

Member: \$250.00 + HST

Not yet a Member: \$350.00 + HST

Government / Student Member: \$100 + HST

Virtual Attendee: \$100 + HST

Sponsorship Opportunities

About Life Sciences Ontario (LSO)

- Founded in 1989
- Member-driven not-for-profit organization
- LSO represents and promotes the province's vibrant and diverse life sciences sector
- Collaborates with governments, academia, industry and other life science organizations in Ontario and across Canada to promote and encourage commercial success throughout the sector

We value

- Collaboration
- An aligned, unified voice
- Science and evidence-based decisions
- Inclusivity, consultation, and consensus
- The equal social and economic benefits of life sciences

Our strengths

- Advocacy
- Economic development
- Networking and partnerships
- Promoting our sector
- Mentorship and professional development

Why Support the Annual Ideas to Action Life Sciences Forum

Money raised during the LSO Annual Forum helps to support our initiatives:

Thought Leadership

- Research, Benchmarking studies, Reports

Public Policy Engagement

- White papers
- Consultations
- Government Relations

Community Leadership

- Large network of partners
- Facilitating collaborations
- High-quality networking events
- One-stop shop for latest sector news and events

Education / Mentorship

- Educational events
- Mentorship program
- Marketing and promotion of the sector locally, nationally and internationally

About Life Sciences

The Life Sciences Sector

The life sciences sector is broad and encompasses research, development and manufacturing operations as well as the development of diagnostics, biopharmaceuticals, pharmaceuticals and medical devices. Health research institutions and research networks play an integral role in research and knowledge translation in the life sciences sector.

As the demand for pharmaceuticals, medical technology and other healthcare products continues to rise, global prescription drug and medical technology sales are expected to grow. Emerging technologies, including AI, cognitive technologies, automation, and computer power, are driving significant advancements within the life sciences sector that can enhance healthcare across the globe.

The Life Sciences Sector at a Glance

 D rugs and pharmaceuticals	Featuring companies engaged in pharmaceutical and medicine manufacturing; and pharmaceuticals and pharmacy supplies merchant wholesalers	\$36.4B Revenue 684 Establishments 30,371 Jobs
 R esearch, testing and medical laboratories	Featuring companies engaged in providing physical, chemical and other analytical testing services; and medical and diagnostic laboratories	\$961M Revenue 2,592 Establishments 24,844 Jobs
 E -health and artificial intelligence	Features companies engaged in providing access to complete, up-to-date, and accurate digital patient records by authorized health professionals; and collection of multiple technologies enabling machines to sense, comprehend, act and learn so they can perform administrative and clinical healthcare functions	
 A gricultural feedstock and chemicals	Featuring companies in pesticide and agricultural chemicals manufacturing, oilseed processing and other basic organic chemical manufacturing	\$7.9B Revenue 526 Establishments 8,255 Jobs
